1 First section

Using `biblatex` you can display a bibliography divided into sections, depending on citation type. Let's cite! Einstein's journal paper [Ein05] and Dirac's book [Dir81] are physics-related items. Next, *The L^AT_EX Companion* book [GMS93], Donald Knuth's website [Knu], *The Comprehensive TeX Archive Network* (CTAN) [Gre93] are L^AT_EX-related items; but the others, Donald Knuth's items, [Knu73; Knu68] are dedicated to programming.
